

13 BAY URINAL POD

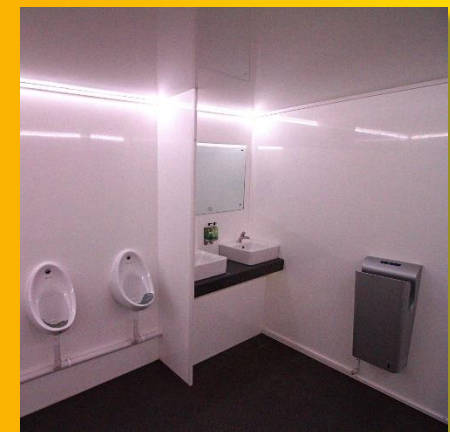

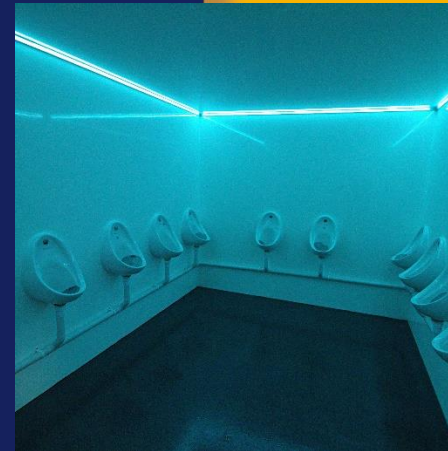

Portable Toilets Limited

A GROUND MOUNTED 13 BAY URINAL UNIT, DESIGNED IN KEEPING WITH THE REMAINDER OF OUR HIGHEND VACUUM KIT.

For when only urinal provision is required, or to help keep queues down in areas of high male/female audiences, these 13 bay urinals are a great option.

With a really clean white finish, two sinks and a hand dryer, these urinal units can cope with a high volume of customers. The waste is all pumped to external waste tanks using a 'saniflo' type pump.
